

### OVERVIEW

**ForceField® ifoam® screen cleaner** is specially formulated to remove dust, dirt, grime, and finger prints from all electronic screens and key pads. non-drip foam dries without streaking or leaving any residues. **ForceField® ifoam® screen cleaner** can be used to clean key pads and will not spread to internal components. **ForceField® ifoam®** is environmentally friendly and non-abrasive. Easy to use and can easily be carried in a purse or in a car.

### HOW & WHY IFOAM® SCREEN CLEANER WORKS

A combination of powerful surfactants gives ifoam® screen cleaner the ability to actually breakdown dirt, grime, and remove oil finger prints. The result is a clean surface with no damage to internal components. This makes ifoam® perfect for cell phones, navigation systems, music / video players, PDAs and touch screen laptops.

### APPLICATIONS

Turn off device before cleaning. Apply one or two pumps of foam to the cleaning cloth and gently wipe the screen and / or keypad area. When the suede microfiber cloth becomes soiled, rinse in warm water and allow to air dry. The cloth can be re-used multiple times.

- **Safe for all electronic screens**
- **Environmentally Friendly**
- **Nonstreaking**
- **Nonabrasive**
- **Easy to use**
- **Convenient to store**

24 Pack

HMIS Health: 1 Fire: 2 Reactivity: 0

Appearance: White Foam

pH: 10

Odor: Mild

Solubility: Water Soluble

Specific Gravity: 1.04 +/- 0.02 (8.67 lbs/gal)

Boiling Point: 212°F

Chemical Family: Isopropanol/Ammonium Hydroxide

Storage: Avoid freezing

Caution: Keep out of the reach of children.

Regulatory: Not Regulated

Caution: Avoid eye contact; can cause damage.
